EXPERIENCE

Amazon.com – Seattle, USA

July 2022 - Present

Sr. Product Manager – Technical

Financial Services - Mexico Invoice Reconciliation Platform

- **Product Strategy and Leadership:** Led a cross-functional team of engineers, designers, and business stakeholders to build customized solutions that ingested highly complex regulatory and tax inputs. Initiative will save Amazon ~\$15M in tax deductions and headcount reduction.
- **Executive Stakeholder Buy-In:** Uncovered regulatory risk reduction and savings opportunity to build a unified system - including a front-end dashboard and back-end invoice ingestion tool - to improve document visibility and compliance in Mexico. Secured approval from the exec team for off-cycle product launch by presenting recommendation and strategic findings including opportunity to save ~\$5M.

Amazon Grocery

- **Customer Experience:** Led org-wide initiative with VP-level buy-in to migrate Whole Foods Market (WFM) vendor experience into the core Amazon system to improve their experience and achieve projected savings of \$6M+ in the first year.
- **App Launch:** Launching an app to improve team member experience and gain time savings. Did a deep dive into a complex multi-system and the end customer experience. Closely collaborated with UX and Design to condense 5 systems into 1 customer-facing app.
- **Cross Collaboration:** Led 15+ partner teams to consolidate and simplify the number of WFM supplier attributes data down from 5K+ to 900 fields across 5 legacy systems into a unified partner portal, which saved ~15 HC.
- **AI Powered Workflow Automation:** Designed and shipped AI-driven document processing system (OCR + ML) to automate 7M+ invoices/year. Led experimentation and achieved 80+% accuracy (vs. 75% manual baseline), scaled to 50% of volume within 6 months, and delivered \$2M in annual savings through 35 HC redirection.
- **B2C Product Launch:** Conducted A/B test to better understand user experience of purchasing perishable deliveries for e-commerce. Worked closely with UX to iterate user experience and accelerate time-to-purchase with 1-click buys. Pilot is expected to reach 6M+ customers; complete rollout presents an opportunity of \$1.4B with reach of 70M users.

Growth (an Early-stage e-Commerce lending startup) – New Delhi, India

2018 – 2021

Product Manager

- **0-1 Product Launch:** Innovated and launched a SaaS DTC lending platform. Incorporated customer insights from MVP to pivot quickly and instruct a lean team to prioritize accordingly. Led GTM initiatives to launch MVP and get product-market fit.
- **Executive Collaboration:** Worked closely with founder and Chief Product Officer to define customer journey and product strategy. Stood up Product Development Lifecycle and product roadmap strategy. Onboarded 25+ SMBs and disbursed \$2M in loans.
- **Customer Obsession:** Dove deep into the customer conversion processes. Developed product strategy and recommended solutions. Collaborated with engineering and marketing to optimize customer journey. Increased monthly sign-ups by 5x in 6 months.
- **Business Strategy:** Simplified business model to triage lending channels and minimize impact of pandemic. Pivoted go-to-market strategy and helped drive 20%+ revenue growth and increase loan disbursements by 35%.

EY (Ernst & Young LLP) – London, UK & New Delhi, India

2013 – 2018

Consultant

- **Resource Allocation:** Advised Nagpur Municipal Corporation to retire its 6 smart city solutions and invest the surplus \$20M into 4 new solutions. Conducted weekly stakeholder meetings to analyze issues, find solutions, track problems, and maintain documentation.
 - **Go-to-Market Strategy:** Designed a market entry strategy for one of the largest telecom companies to enter the Smart-City domain. Developed revenue projections from various campaigns. Facilitated client review sessions to ensure on-time, under-budget delivery.
